

CA-ON-Bowmanville Staff Pharmacists

**Job Location:** Bowmanville , ON

**The Client:** Our client is a leader in the provision of Healthcare in the Durham region. With a network of four hospital sites and three specialty sites encompassing, they are dedicated to the pursuit of excellence in healthcare, research and treatment delivery. This is a great opportunity to continue your path to growth and excellence in a vital and growing community hospital environment.

**DIVISION:** Bowmanville

**REPORTS TO:** Director – Pharmacy Services

**SALARY:** Commensurate with experience

**PURPOSE:** We are seeking self-motivated, enthusiastic and experienced pharmacists to practice pharmaceutical care as part of a multi-disciplinary team in the Bowmanville site. Each pharmacist is able to use his/her unique knowledge and skills to meet patient's drug related needs, and practice direct patient care in partnership with patients, their family members and other healthcare professionals.

**MAJOR RESPONSIBILITIES:**

- Provide direct patient care on an assigned patient care area by identifying, resolving and preventing drug related issues and enhance a patient's health outcome through:
- Development of professional relationships with patient
- Patient data collection, assessment and synthesis
- Assessment of therapeutic alternatives
- Development and implementation of pharmacy care plans
- Follow-up monitoring and assessment documentation
- Participate in medical and multidisciplinary patient care rounds
- Serve as expert resource to staff on patient care issues and provide consultant drug information with respect to specific patient care.
- Active participation in the development, implementation, and evaluation of CQI activities
- Undertake special projects as assigned.

**General / Clinical responsibilities**

- Supervision of Pharmacy Technicians, and clerical personnel
- Participation in all drug distribution rotations and on-call, as scheduled
- Active liaison with patient care units, as assigned
- Provision of drug information, as requested
- Participation in quality assurance activities, including completion of medication incident reports
- Participation in educational presentations
- Representation on committees, as assigned

- Supervision of students, and orientation of new staff, as required.

### **Qualifications and Requirements**

- Bachelor of Science in Pharmacy, P.E.B.C., and registration with Ontario College of Pharmacists or eligible for licensure with the Ontario College of Pharmacists;
- Proven organizational and problem solving and communication skills;
- Demonstrated ability to work effectively within a multidisciplinary team;
- Ability to exercise independent judgment, work effectively under pressure in emergency situations and demonstrate professionalism at all times;
- Ability to work both independently and as a team member as the situation dictates
- A minimum of 3+ yrs of Clinical or Community based pharmacy experience
- A solid command of the English language, both written and verbal
- A proven ability to type effectively
